If a yacht is racing, she needs an RYA Approved Sail Number. For the normal cruising yacht it is beneficial to have an easily recognisable sail number for the purpose of identification. The RYA number series have for many years been issued to fulfil these needs. Whilst builders are prepared to issue builders' numbers, many RYA members and non-members prefer to use the RYA numbering system.

If it is your wish to apply to the RYA direct, please complete the form below. The charge for issue is £20 per number, except for Full Personal Members of the RYA for whom the issue is free. If you are not already a member of the RYA you may still obtain issue free of charge by completing the membership application form below.
