Burcot Boats International Optimist Kit

Shipping

Shipping for the plywood parts is £40 per boat kit in the UK. If any other parts are ordered at the same time, shipping is included in the £40.

If any other parts are ordered separately shipping is £18 per shipment.

USA customers

Our kits are about to become available in the USA and will ship from our associates in the USA. The prices will be the same as above multiplied by the exchange rate on the day of transfer. Shipping will be similar, but may alter a little depending on your location. Please email me for the latest details. info@burcotboats.co.uk
